

Showroom displays

Vision also design and manufacture a wide variation of display units designed specifically for use in tile showrooms. These displays can either be supplied and installed by Vision as part of our whole showroom design and fit-out service, or purchased by retailers who are carrying out their own re-fit or new showroom opening.

The next few pages show images of some of the work that we have undertaken and will hopefully give you ideas that will help you to lay out your showroom in a professional manner. Should you require any further information regarding these displays please just ask our sales office for more information.

For further information please contact the Vision Display sales office on: tel: 01227 832265 fax: 01227 832184
